*Reasons for Allowance*

1. Claims 1-11 are allowed.
2. The following is an examiner's statement of reasons for allowance: applicant's arguments filed June 24, 2004 are deemed persuasive, in particular that the steering angle sensor (26) of Shindo et al. does not meet the limitation of a rotation detecting device which repeatedly outputs a series as claimed in full. The above recitation, combined with the rest of the structure in the independent claim, clearly defines over the art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Avraham Lerner whose telephone number is (703) 308-0423. The examiner can normally be reached on M-F (8:15-5:45) first Wednesday off.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Lesley Morris can be reached on (703) 308-0629. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
